## Part I. General Conditions of Insurance

---

Chubb Insurance (Switzerland) Limited, Bäreneggasse 32, 8001 Zurich, hereinafter referred to as "Chubb", is liable for the benefits agreed with the policyholder and specified in this insurance document and the policy. The benefits are specified in the Conditions of Insurance and also by the provisions of the Swiss Insurance Contract Law (VVG). The General Conditions for all insurance components only apply insofar as no provisions to the contrary are provided in the Special Conditions for the individual insurance components.

### 1. Who is insured where and when?

Cover exists for those persons who are specified as being insured in the policy and for the amount of time specified in the policy. Residents of Switzerland are eligible for cover. The insurance policy is valid exclusively for private journeys for a duration of up to 90 days. A private journey is deemed to be any journey of a private nature. Please note the definition of the exclusions under clause I.11.

### 2. Where does the insurance apply?

The insurance applies to the journey or accommodation booked by the policyholder (you) for destinations worldwide insofar as no other area of validity is provided in the Special Conditions for the individual insurance components. Your attention is drawn to the clauses I.11., II.B.5 and II.E.4. The insurance policy is valid exclusively for private journeys for a duration of up to 90 days.

### 3. Commencement and end of the insurance cover

Your insurance cover for travel cancellation commences upon purchasing the policy or upon the date of commencement of insurance specified in the policy, whichever is the later. It ends upon you leaving your place of residence to commence the journey. Insurance cover for the remaining types of cover include the journey from your place of residence or back to your place of residence if this takes place within 24 hours of returning to Switzerland.

### 4. When does the contract commence and end?

The contract is concluded for the period set out in the policy. Upon expiry, the contract is extended automatically by another year, if neither the policyholder nor Chubb have terminated the contract by giving a period of notice of 90 days in writing before the expiry date.

If the Conditions of Insurance, the policy or the premium amount are changed by Chubb, Chubb must inform the policyholder about the changes no later than 30 days before the current contract expires. The policyholder can terminate the contract in case of changes to the Conditions of Insurance, the policy or the premium amount until the last day before the new contract becomes effective.

If a return journey is impossible due to unfitness to travel supported by a medical certificate and treatment beyond the end of the insurance contract is consequently necessary, the duty to provide any benefit under this contract will continue to exist until fitness to travel is restored but for no longer than a period of four weeks.

If a return journey is impossible as a result of adverse weather conditions, strike or other employment measures or technical problems, the policy shall be extended for up to a maximum of 14 days without any additional premium.

### 5. Your right of rescission

You have the right to terminate the insurance contract within 14 days following its conclusion without having to give any reason. We shall refund your premium. If you have reported any insured event during this time, it will not be possible to rescind.

### 6. Termination following an insured event

Following an insured event for which we have provided benefit, the insurance contract may be terminated in writing by you by no later than 14 days after obtaining knowledge that we have provided our benefit, and by us by no later than providing the agreed benefit. If you give notice of termination, insurance cover shall lapse 14 days after we have received such notice. If we give notice of termination, insurance cover shall lapse 30 days after you have received such notice.

### 7. What are your obligations in an insured event?

- 7.1 You, are under a duty:
  - to do everything possible to contribute to the mitigation of the loss and to investigate the circumstances of such loss (duty to mitigate loss);
  - to fully comply with your contractual or statutory duties relating to reporting, information or conduct (including immediately reporting the insured event to the contact address specified in clause I.18.).
- 7.2 If the loss occurs as a result of an illness or injury, you must ensure that the treating doctors are released from their duty of confidentiality and authorised to provide information to Chubb.
- 7.3 You must report insured events occasioned by criminal offences (e.g. burglary, robbery, malicious damage, bodily harm) to the responsible police station immediately and you must have the report certified.
- 7.4 Advance payments made by us or Chubb Assistance must be repaid within 30 days after returning to the place of residence.

- 7.5 You must inform us of the existence of other insurance policies or claims, e.g. with transport or travel companies, under which you can claim indemnity for the insured event in question; you must also inform us of claims made and indemnity payments received under such insurance as well as any third parties' obligations to provide indemnity.
- 7.6 If you are also able to claim benefits which have been provided by Chubb from a third party, these claims must be safeguarded and assigned to Chubb.
- 7.7 The claim for insurance benefits from us must be made in written or electronic form.

## **8. What are the consequences of a breach of obligations in an insured event?**

If any duties to report or duties as to conduct are culpably breached and if this affects the establishment or the severity of the consequences of the loss, we shall be entitled to reduce our benefits.

However, there shall be no reduction if it can be proved that the conduct in breach of this contract did not have any influence on the establishment and the severity of the consequences of the loss.

## **9. What is required for claims against third parties (subsidiarity)?**

If there are multiple insurance policies, our duty to provide benefit shall be secondary to that of other insurers. If the insured event is reported to us first, we shall provide advance benefits. The right of recourse shall devolve upon us to the extent that we have provided indemnity. This shall also apply if there is a duty for any social insurance or obligatory insurance to provide benefit (Swiss Federal Law on Accident Insurance (UVG), Swiss Federal Law on Health Insurance (KVG)). If any other company also provides their benefits on a subsidiary basis, then the respective companies shall be responsible for the costs in proportion to their insured sums.

Air accident benefits are excluded from subsidiarity.

## **10. What amount, i.e. deductible, must you bear yourself?**
